Golden Hands Network of repair shops

Golden Hands · 2021 — 2024 · Remote

Project Manager

Managed and developed an affiliate marketing platform that connects over 1000 webmasters with repair shops across the country.

Main responsibilities include:

- plan and develop the project idea;
- platform architecture development;
- website design and art direction;
- monitor progress, performance, and efficiency;
- allocate development resources;
- lead support team;
- communicate with stakeholders.

Golden Hands · 2016 — 2021 · Moscow, Russia

Head of Design & Development Department

Managed design and development teams (15 people in total). Created approximately 300 websites, along with numerous landing pages, banners, social media designs, and print designs.

Other remarkable projects and achievements include:

- developed process and implemented a platform that allowed the usage of external designers and developers;
- significantly improved website creation time-to-market;
- created an application which is used to sell orders to subcontractors;
- developed an online diagnostics app that helps technicians find out the equipment issue and calculates estimated price and repair time;
- created an online application that navigates company drivers through orders and helps them connect to clients;
- built a micro-task platform that is used to recruit users to perform pay-per-task jobs such as test purchases, writing reviews, taking polls, etc.
